HEAR WHAT OUR STUDENT'S SAY

With scissors in hand, I traded lines of code for strands of hair! Leaving the world of software engineering, I enrolled in Bodycraft Academy's 7.5-month hairdressing program. This intensive course, focused on international standards, has been a dream come true. The hands-on training from world-class stylists has equipped me with the skills and confidence to pursue my passion for hairdressing. If I can make this leap, so can you! Follow your heart and chase your creative dreams.

MYTHLI REDDY

Men's Barbering Course

Enrolling in the Bodycraft Sassoon School Program has been amazing for my hairstyling skills. The ABC techniques were easy to learn and fun. The hands-on practice with live models and the helpful instructors made a big difference. This program boosted my confidence and creativity.
